GET READY

1 Sit on opposite sides of the Foosketball court, behind the baskets.

2 Start with 5 balls behind each gate. It doesn't matter who starts with the golden ball.

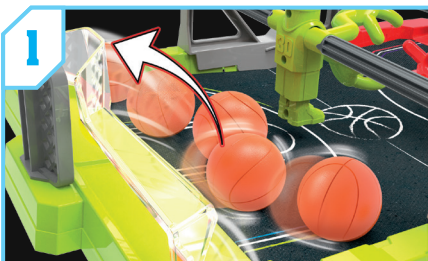

HOLD!

Hold the handles gently with your fingertips for easy turning.

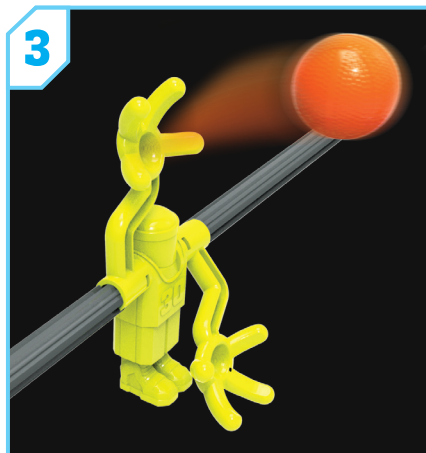

PLAY

1 Lift both gates at once to release all the balls.

2 Then lower the gates back into place.

3 Go head-to-head, using your handles to pick up and throw balls into your opponent's basket. (See SHOOTING.) You can also try to block each other's shots!

4 If you score a basket, leave that ball behind the gate. The orange balls are worth 1 point. The golden ball is worth 2 points.

5 Keep playing until one of you scores 5 points!

SHOOTING

1

Use both handles to grab a ball.

2

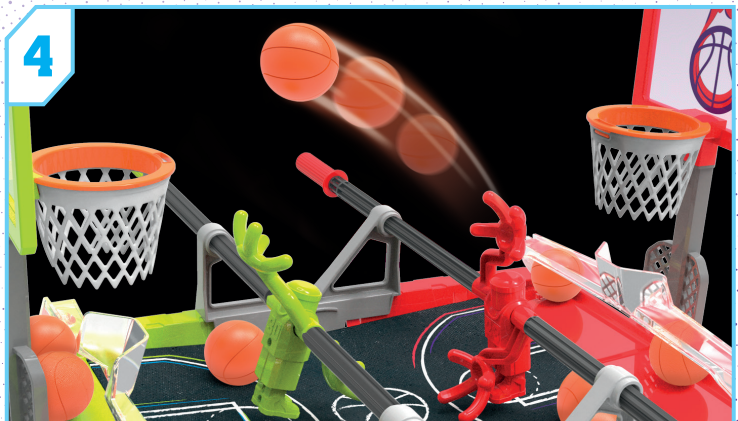

Turn both handles backward to raise the ball up and behind your figure's head.

3

Carefully balance the ball in your figure's right (raised) hand while lowering their left hand.

4

Use the right handle to bring the right hand back a little more, then quickly twist the handle forward to fling the ball.

TIPS

- Use your figure's right hand to pull balls toward you.
- Try to block your opponent's shots by throwing balls at the same time they do.
- When your opponent has a ball ready to launch in their right hand, hit their left hand to try to knock the ball out.

WIN

First player to score 5 points wins! (Remember, the golden ball is worth 2 points.)

ANOTHER WAY TO PLAY

Remove the gates and play with just one ball on the court. Decide how many points to play to. Whoever reaches that score first wins!
